Enclosures: No. 2681-D/46 dated 29th June 6 194

Sir,

Sub: Industries - Sericulture - Government Silk Filature, Kollegal - Shortage in weight of silk due to dryage - write of - Sanction requesting.

Some of the merchants while taking deliveries of silk from the Government Silk Filature, Kollegal have been insisting on examining the quality of silk and satisfying themselves as to the correctness of weight in each bale. Open deliveries have been given to them and as a result, there has been in some cases a shortage in weight. A statement showing such shortages is enclosed. Deliveries were made mostly in the months of February and March 1946 when the weather in Kollegal was comparatively dry. As Government are aware, silk is a highly hygroscopic material which gains or loses as much as 30% in weight due to changes in weather conditions. The shortage noticed comes to 41 lbs. 8 ozs. in a total quantity of 3600 lbs. delivered, or about 1.2%. This shortage may therefore be

considered reasonable and treated as dryage. In the circumstances, I request that Government may be pleased to sanction the write off of the loss of Rs.1765-15-1 being the value of 41 lbs. 8 ozs. of silk at the prevailing rates, lost in dryage.

for Director of Industries & Commerce.
